

HYPOALLERGEN

Insect Dog[®]

Adult

with insect protein

InsectDog hypoallergen is the ideal solution, not only for adult dogs with food intolerances, but also for all those who wish to travel new and environmentally sustainable paths with their dog.

- » High-quality insect protein, as the sole source of animal protein, offers an ideal basis for hypoallergenic food because it has so far been rarely used as a protein source in dog food
- » Grainfree formula
- » Valuable fatty acids from insects result in healthy skin and a shiny coat

100 % insect protein

as the sole source of animal protein
