

Adult/Senior

with animal welfare chicken & pea

## Country

Let's go to the countryside: Our **FarmDog Country** offers a delicious change to the diet of your **fully grown four-legged friend** thanks to animal welfare chicken, pea, herbs and fruits.

But seniors' needs are met as well: Taurine and L-carnitine **support healthy heart function** and, in addition, **valuable antioxidants** can counteract cell aging. In the **gluten-free recipe**, we consciously rely on chicken which grows up under more natural living conditions.

Thus, your dog actively contributes to animal welfare!

Chicken **100 %** cared for in a more species-appropriate way
